Capital® Plastics

Your Coin & Currency Holder Resource

We manufacture acrylic coins and currency holders for the protection of coins, currency, medallions, tokens, gaming chips, discs, pictures and documents. We inventory acrylic holders for all denominations of U.S. Coins, currency, and some foreign coins.

Capital® Coin & Currency Holders are available through your authorized distributor or dealer. Please contact Capital® Plastics directly when your area authorized distributor is unable to service your needs.

ACRYLIC HOLDERS WITH SCREWS: Our three plate holders with screws are made for the collector who desires a distinctive environment for his or her possessions. Holders are made from high quality acrylic which will not fade or discolor. Our acrylics do not contain any sulfur, acid, polyvinyl chloride or oily substances. These holders consist of three plates; one colored center with coin openings and two outer clear plates called windows. Coins can be viewed from both sides of holders. Our currency holders are made of two clear acrylic plates securely held together by plastic screws.

INJECTION MOLDED HOLDERS: These holders have a snap together case with an acrylic center plate with coin openings. Colors are available. Coins can be viewed from both sides of holders.

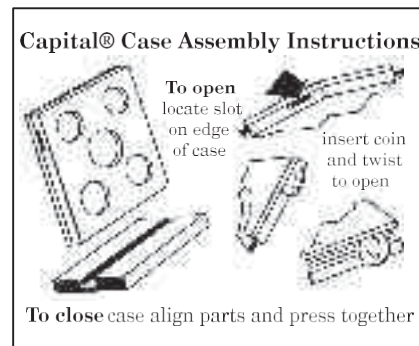

COIN OPENINGS: We take great pride in sizing our coin openings to ensure an accurate fit of most coins. Each coin holder is tested in house with our coins. Our special tapered coin openings ensure a snug fit and grip the coin by a single edge only. When inserting your coins, be sure you insert coins from the front side of the center plate. All coins vary in size slightly, $\pm .003$ " in diameter, due to machine tolerances during the minting process. Pre-1900 U.S. Coins, Foreign Coins, and Morgan Dollars vary greatly in size. When ordering holders, we ask you send the exact measurements of your specific coins; to the thousandth of an inch (1.598") or the tenth of a millimeter (40.6mm), this ensures a proper fit of your coins.

CATALOG NUMBERS AND PRINTING: All our holders numbered in the BVD, 400's, GX & MA series are fully UV printed with Titles, Dates, Mint Marks and any other appropriate descriptions. The BVD stands for Bank Vault Drawer. The BVD holders are 8"x14" and will fit in most safety deposit boxes. They are designed to hold complete sets or as many coins in a set as is aesthetically possible. Our 8"x10" and smaller sized holders will also fit into safety deposit boxes. The 51 series is considered a stock book for coins. The holder is printed with a title only. The GA series are stand up coin displays that may have room to display a picture or document. The GB, MB, and C cases have chipboard inserts which are imprinted. The snap together cases are Galaxy, 6.5"x6.5", Meteor, 4"x7", Vest Pocket, 3.3"x3.3", CAPS, 2"x3", and Krown 2.5"x2.5".

SHIPPING CHARGES: All orders are shipped via U.P.S. and the charge is added to your invoice.

DEALERS AND DISTRIBUTION: Capital sells its products through wholesale supply distributors/dealers. See the distributor list to find one closest to you.

SPECIALS: Capital Plastics will quote specials on a case-by-case basis. Minimum \$350.00.

Since 1952

Look for the sign of quality, the **Capital®** registration mark on all our products
product catalog is online at our home page **www.capitalplastics.com**

We make holders only. We do not sell coins or currency.

QUALITY SINGLE COIN HOLDERS

www.capitalplastics.com

Colors – BLACK OR WHITE

Special Colors – Red, Blue, Green

The Krown case: #KC

The Krown Coin case is a 2.5" x 2.5" clear molded plastic snap together case that has a 2" x 2" acrylic center with a tapered coin opening and a title. The standard coin sizes and titles are listed on page 3.

The CAPS case: #CAPS

The CAPS case is a 2" x 3" clear molded plastic snap together case that has a 1.75" x 2.75" black or white acrylic center with a tapered coin opening in the lower part and a title in the upper part. The standard coin sizes and titles are listed on page 3.

The Vest Pocket case: #VPX

The Vest Pocket case is a 3.3" x 3.3" clear molded plastic snap together case that has a 3" x 3" acrylic center with a tapered coin opening and a printed title. The VPX has a double gold border.

www.capitalplastics.com

#144: The #144 is 2"x2" three panel, screw together molded acrylic holder that has an acrylic center with a tapered coin opening and gold descriptive print. We inventory the following coin sizes and titles.

NOTES:

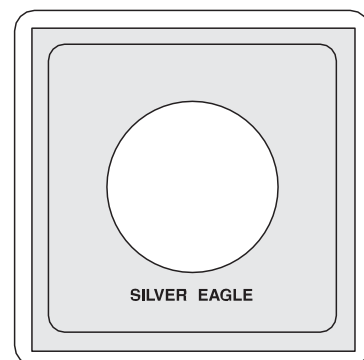

- Custom printing is extra. Please make sure the printing you desire will fit on the holder you are ordering and print or type very clearly on your order the exact printing that you wish to duplicate on your holder.
- Other size coin openings than the standard sizes above add custom boring charge.
- Odd, Pre-1900 U.S. Coins, Morgan Dollars and Foreign Coins vary in size. When ordering, please send the exact measurements of these coins to the tenth of a millimeter or a thousandth of an inch (38.2 mm or 1.504 inch). **Coin Fitting Tools are available under accessories on page 13. Do not send coins to us without prior written approval. We will not be responsible for their loss or damage.** We do have sizes for most modern foreign coins from the following countries: England, Mexico, Panama, Australia, New Zealand, Puerto Rico, Philippines, Sweden, Virgin Islands, Jamaica, Barbados, Austria, Bulgaria, Belize, Denmark, Iceland, India, Lithuania, Newfoundland, Russia and South Africa.
- The 145, Krown Case, Vest Pocket, and Caps Case Holders are the only holders for single coins that will hold a Silver Eagle, a bust dollar or a Maria Theresa Thaler.
- The St. Gaudens High Relief \$20 Gold requires a 3/16 thick insert (order 145B).
- We will make custom single coin holders on request: 144, KC, CAPS, VP, 145.
- The gold eagles and the platinum eagles are the same size and will fit in the same holders.

EMBCH5	3 ¹ / ₂ X4 ³ / ₄	Embodiment holder for baseball card, business card or small fractional currency

ACCESSORIES FOR HOLDERS

Coin Fitting Tool

Because all coins vary in size somewhat, we have available for your use, a coin fitting tool which will permit you to increase the size of the coin opening. If the coin opening is too small, use one of our triangular coin fitting tools to scrape a small amount of acrylic out of the inside of the opening. Please do not attempt to file or cut the opening. If the opening is too large, use a thin, narrow strip of clear Mylar or acetate as a shim when placing the coin in the opening.

Miscellaneous

MINI EASEL #1 R—A small adjustable easel made of clear plastic.
PLG EASEL #2 RW—A larger adjustable easel made of clear plastic and gold wire.
SMALL MINT EASEL—A clear plastic easel for displaying coins.
LARGE MINT EASEL—A clear plastic easel for displaying medals.
WHITE GLOVES—Ideal for handling coins. One pair fits most hands.
ALUMINUM SCREW + POST – Both available in 12 and 1000 count packages
METAL SCREWS & POSTS—Color is Silver.
PLASTIC SCREWS & POSTS—Color is Clear.
